CHIEF VETOES GENERAL VETS PENSION BILL

**Says Extra Burden on
Taxpayers Not
Justified**

SENDS MESSAGE

**Coolidge Believes Justice to Public as
Necessary as Justice
To These
Pensioners**

By Associated Press.
WASHINGTON, May 3.—President Coolidge today vetoed the Bursum omnibus pension bill.
In this veto message to congress the President declared "no conditions exist which justify imposition of this additional burden upon the taxpayers of the nation" and added "the desire to do justice to the pensioners, however great their merit, must be attained by some solicitude to do justice to taxpayers."

UTLER TO MANAGE COOLIDGE RACE

Massachusetts Man Selected by President as G. O. P. National Chairman

Associated Press.
WASHINGTON, May 3.—William M. Butler of Massachusetts, will manage the 1924 republican national campaign to succeed John T. Adams, of Iowa, chairman of the republican national committee. Mr. Butler was selected by President Coolidge at the Cleveland convention of the republican standard bearer.

President Coolidge decided that if it is nominated by the Cleveland convention he will recommend selection of Mr. Butler, his pre-convention campaign manager to the new republican national committee for the chairmanship and in accordance with custom recommendation undoubtedly will be adopted.

The president's decision was announced in the following statement by him, made public at the White House yesterday night:
"After conferences with Chairman Adams, who has indicated to me that he desires the organization of the incoming republican national committee he does not wish to continue as chairman. I have decided to present to the new committee for their consideration for chairmanship the name of William M. Butler, who has managed the primary campaign."

BUSINESS TREND IN STATE GOOD

**Chamber of Commerce Man
Says Future Here is
Promising**

FRANKFORT, Ky., May 3.—Business conditions in Kentucky are good, with promises of excellent conditions shortly, Joseph Leopold, Secretary of the Southern Division of the Chamber of Commerce of the United States, Dallas Texas, declared yesterday night at a dinner given to him by Edmund W. Taylor, son of the prominent distiller.

Conditions in Kentucky, after a summary inspection, are apparently good and show every indication of improvement, he said.
Conditions in the Southwest are particularly good, he added. "The cotton and cattle sections show satisfactory turnover.
The Kansas City territory is fair-good," he concluded. He left tonight, after conferring with civic representatives, for Cleveland, Ohio, to attend the annual meeting of the Chamber of Commerce.

28 of 30 Children at School Descendants Aged Negro Couple

Associated Press.
FRANKFORT, May 3.—Uncle Nathan Justice and Aunt Florence were present at the dedication of the eight-ninth Rosenwald school, a two-teacher negro school at Ram in Floyd county, L. N. Taylor, state rural school agent, yesterday wrote McHenry Rhoads, superintendent of public instruction.
"Twenty-eight of the 30 school children present and participating in the program are grand-children and great-grandchildren of Uncle Nathan and Aunt Florence," he wrote. "They are the patriarchs of their people. They were about 20 years old when the Civil war began, were married some years later, came from Virginia to Kentucky 40 years ago, are now 82 years old and have 84 descendants. Can you beat this record?"
Prof. Taylor continued:
"Almost half of the colored people of the county were present and a large number of white people. The greater number of these came on the train from Prestonsburg, Martin, Van Lear, and other places in Floyd and Johnson counties. Prof. G. H. Baird and the students met us at the train and led the procession to the new school.
Prof. Baird was the chief promoter of this school building enterprise. Except for him and his determination, devotion and resourcefulness, it would not have been built. It is a better monument than a marble shaft. The teacher's record is not inscribed on marble, but it lives in human character and service.
"All approved applications for Rosenwald aid should be hastened to completion at once so they may be inspected and paid for before the 30th of June. Otherwise, the Rosenwald funds reserved for such applications will be lost to the schools of our state."

Sues Husband Who Took Booze to Bed With Him

SACRAMENTO, Calif., May 3.—Has a husband the right to take his liquor to bed with him.
Mrs. Belle Ballentine, a Sacramento bride of a few months, says no and has brought suit for divorce here against G. A. Ballentine.
Mrs. Ballentine claims that her husband took his bottle to bed and imbibed freely almost every night. When she protested, Ballentine told her to find a new bed, she asserts.

LIFT AMERICA ABOVE POLITICS

**American Bar Head Pleads for More
Unselfish Public Service**

Associated Press.
PINEHURST, N. C., May 3.—A plea to lift America "above" the slough of mercenary politics and carry it steadily forward as a government of liberty under the law, was urged upon lawyers attending the convention of the North Carolina Bar Association in an address tonight by Robert L. L. Sauer of Dallas, president of the American Bar Association.

The call for active, intelligent and unselfish public service was never more insistent than today, Mr. Sauer asserted who said the traditions of the flag and the men who launched the government in admonishing "us to obey this call."

The only forces that can preserve our republic are men with convictions and the courage of their convictions," he continued. "My plea is that a medium of the same sort of courage that actuated our fathers shall be manifested not only by public officials but by the great mass of private and the ranks of our citizenship. What we must have is an active exercise of the duties of citizenship by men who stand outside of party or class, whose sole motive and objective is the public weal, and who have the courage to tear a question open and let the light through it. We must have men who stand for right, for justice, for liberty under the law, for government under the Constitution, and who will carry our republic forward toward the fulfillment of its high mission as a leader and exemplar for the emulation and inspiration of all the nations of the earth."

MINE MACHINERY TO BE EXHIBITED

Equipment Valued at \$500,000 in Cincinnati for American Mining Congress

CINCINNATI, May 2.—Coal mining machinery and equipment valued at nearly \$500,000 will be exhibited at Music Hall during the sessions of the American Mining Congress to be held in Cincinnati May 21 to 27, according to the statement of E. C. Porter, convention manager of the Congress, who has arrived here and opened his headquarters at the Hotel Gibson.

The coal machinery exhibits will be in connection with the seventh annual convention of the National Coal Association which meets with the mining congress, and Mr. Porter said that fully 2,000 representatives of coal operators will be in attendance. The sessions of the National Coal Association will be devoted to a discussion of the important legislative, political and economic problems of the coal mining industry. These sessions will be held in the morning and will bring together the executives in charge of the coal mine operations from every important coal mining district in the United States. Important addresses will be made by S. B. Crowell, President of the National Retail Coal Dealers' Association; Melville A. Stone, general manager, The Associated Press, New York City; J. C. Brydon, President of the National Coal Association, and other representative men.

Formal opening of the exposition will take place May 12 at Music Hall. The exposition will be open from 10 a. m. until 6 p. m., every day during the week. The discussions of practical operating problems will take place every afternoon.
The meetings of these two national organizations will make the week of May 12 to 17 a real national coal week here in Cincinnati.

SURCHARGE FOR PULLMAN HELD UNREASONABLE

**Discontinuance of Practice
Urged to
I. C. C.**

EXAMINERS REPORT

**Under Present System Two Charges
for One System—Hearing
in Matter Set for
May 8**

WASHINGTON, May 3.—Passenger fare surcharges paid by Pullman travellers to railroads are held unreasonable and discontinuance of the practice is recommended in an examiner's report to the Interstate Commerce Commission made public today. Arguments in the case before the commission are assigned for May 8.

Considering that the railroads are saved the capital investment in Pullman equipment and other facilities necessary to maintain and to an extent operate the cars, and that most of the railroads are receiving substantial payments out of the charges collected for the Pullman service proper, the report says, it is believed that the time has come when the commission may well eliminate the surcharge.

"The Pullman passenger receives a higher class of service than the more for it," the report said, "but the payments should be through the Pullman charge proper and not spread out in two charges."

"Under the present system, with two transportation agencies charging for what should be one service, opportunity for duplicate and excessive charges is multiplied and regulation made more difficult. The present system, devised temporarily to meet an emergency, is illogical and unscientific as a permanent one."

The Pullman surcharge is 60 per cent of the amount charged for the space occupied by the passenger, and was established August 26, 1920 to produce additional revenues with which to meet an increase in wages, awarded to railroad employees by the railroad labor board.

2 Governors in Davis Monument Dedication

LOUISVILLE, May 3. Gov. William Jackson Fields will make the chief address in behalf of Kentucky, and Gov. Austin Peay for Tennessee at the dedication of the Jefferson Davis monument at Fairview, in Todd and Christian counties, Saturday, June 7, according to an announcement made last night by Gen. W. H. Haldeman, commander-in-chief of the United Confederate Veterans.

General Haldeman also has invited Judge Edward Mayes of Jackson, Miss., one of the principal historians of the South, to speak for Mississippi on the occasion. Judge Mayes was a personal acquaintance of Jefferson Davis, and son-in-law of General Lamar.

The contractor in charge has promised that work on the monument will be completed by the middle of May. An appropriation of \$15,000 for the last legislature provided funds for the monument when completed will be the second largest in the country, being surpassed only by the Washington monument. Its approximate cost is \$200,000.

COLLECT TAX ON PRINCIPAL ONLY

**Clerks Cannot Levy on Mortgage
Interest, Court
Decides**

By Associated Press.
FRANKFORT, Ky., May 3.—County clerks throughout the state henceforth are to collect a recording tax upon the principal of the mortgages, which do not mature within five years, John A. Goodman, clerk of the Court of Appeals, said in a statement to 120 clerks.

County Clerks formerly collected a tax of 20 cents on the \$100 of mortgages indebtedness due on the interest.

The statement affected the County Clerks, the big companies furnishing loans, and persons borrowing money, and settled a long mooted question.

Mr. Goodman directed attention to a ruling of the Court of Appeals April 25, when, in an opinion by Chief Justice F. D. Sampson, the Court ruled that where the actual sum lent is fixed in the mortgage the taxes will be calculated upon that sum alone and not upon the principal, plus the interest.

The case decided by the Appellate Court was affirmation of the judgment of the Warren Circuit Court holding that R. Lee Kelly, County Clerk, was only entitled to collect a tax of 20 cents on the \$100 on the \$3,000, the principal of a loan obtained by a citizen of Warren County from the New York Life Insurance Company.

BRITON PRAISES PROHIBITION HERE

**Impressed With Benefits of Dry Law
to This Coun-
try**

Associated Press.
LONDON, May 3.—After a four months' tour in the United States, Dr. Charles Porter, medical officer for Martineau, is impressed by prohibition in that country. Speaking on the subject he said:
"You might as well say that because Bernard Shaw has written a play or two, Shakespeare was a failure." Dr. Porter declared the customs officer he met on landing smelt very strongly of alcohol, "but because the first individual in New York who spoke to me had been drinking, I do not think prohibition there is a failure."

On the medical side the investigator found fewer cases of chronic disease from alcohol. He was informed at the Harvard Medical school and elsewhere that they could not find cases of cirrhosis of the liver to use for instruction purposes. Tuberculosis, particularly of the lungs, was diminishing at a most extraordinary rate in the United States, and the doctors traced the diminution very largely to improvement in the matter of drinks.

I. C. C. REVISES RATES ON COAL

**Interstate Increase in Freight Was
Found Unjustified,
Canceled**

WASHINGTON, May 3.—Proposed revision of rates on coal from points in Illinois and Indiana to Kansas City, Mo., to certain destinations on the Great Northern Railway in Iowa, Minnesota, North and South Dakota today were ordered placed in effect by the Interstate Commerce Commission.

Interstate rates on bituminous coal from mines in Kansas, Missouri, Arkansas and Oklahoma to Kansas City, Mo.; Kansas City, Kan.; St. Joseph, Mo.; Atchison and Leavenworth, Kan.; Omaha and Nebraska City, Neb.; Council Bluffs and Sioux City, Iowa, were found unreasonable by the commission.

Complaint against the rates was made by the Southwestern Interstate Coal Operators' Association and other coal operators against the Arkansas Western Railway Company and other roads. The commission found that proposed increased rates on bituminous coal from Green Bay, Wis., group points to destinations on the Sioux City division of the Great Northern were not justified and the schedules were ordered canceled.

To know how to wait is the great secret of success.—De Maistre.

CASE FOR HELP AND TRUST

The meaning of the Dawes report can be made clear to any business man or woman without troubling about the details. Germany is a bankrupt debtor. The Allies are her creditors. There are two ways of dealing with bankrupts. The creditors can get together and grab off what little remains and let the debtor go out of business or go to jail. This method gives the creditors very little cash and destroys what was and might again become a good customer. The loss of a good customer does not hurt the creditors much if there are plenty more good customers, but if this bankrupt happens to be their best customer, the creditors would be rash to destroy him.
The other way of dealing with a bankrupt is to treat him like a well that has gone dry. To pour a little water down to make more come up. This is a good plan if there is water in the well; if there isn't it doesn't help much. But it is usually worth trying if only to find out why the well is dry. This is the plan of the Dawes report. It treats Germany like a bankrupt who has been a big customer and may be again. It assumes, to change the metaphor, that there is still life in the body and with the aid of a pulmotor, a little artificial breath, the patient can be put on his own wind again.
General Dawes may be wrong, but there is a chance that he is right. We know the other method is wrong. It has been tried for five years and the patient grows deadlier and deadlier each year. The Dawes' report must be given a trial.
France seems at present to think that these methods can be used simultaneously; that she can send her debtor to jail and at the same time make him pay his debts. But that was tried for hundreds of years with individual debtors in England and America and never worked. If Germany is to pay she must be given freedom and the stimulus to work. She must be helped. More, she must be trusted.—Louisville Herald.

GO TO SUNDAY SCHOOL TOMORROW

The Kentucky Sunday School Association has fixed tomorrow, May 4, as Go-to-Sunday-School day for the year. United efforts are being made by the hundreds of Sunday schools over the state to have a large attendance. Judging from the past records there will be hundreds of people brought into the Sunday school and church who have hitherto been attendants of any religious institution.
Middlesboro Sunday schools are making special efforts to swell their attendance tomorrow and cordially invite not only all their regular members and the delinquents but also those who do not attend Sunday school. There are hundreds of persons who do not attend Sunday school who, going on these special dates, are inclined to become regular members not only of the Sunday school but also of the church.

JUST A SUGGESTION

A NOVEL idea has surely been missed by the wall paper men of the land. And, just as a hunch, let me give them the gist of the thing so that they'll understand.
A youngster, you know, when it's crawling around and hugging the floor like a leech, creeps hither and yon with its knees on the ground, trying to get things placed just out of reach.
The paddles get soiled as they wipe up the floor and the kiddie creeps under the table. It reaches for something and then something more; for spilling of jam, when it's able.
And then to the wall little creeper will crawl just to sit there and merrily coo. The innocent being is happily seeing what harm tiny paddies will do. Thus imprints are made and the wall paper men, if they'll copy the tiny tot touch, can make a design of the hand marks and then all those marks won't be noticed so much.

an old man said, "I am over seventy years old. It has been forty years since I was in a church. The man who is now governor of Kentucky was my colonel during the war. I always obeyed every order he issued. When my old Colonel issued the order that everybody must come to Sunday school today, I had to obey. Now I am here, what are you going to do with me?" A Men's Bible class was ready for him. Three weeks later he became a member of the church and has lived a consistent Christian life ever since.
There are hundreds of other instances of beneficial results accomplished by the movement. In Middlesboro last year a man who admitted that he had not attended Sunday school for thirty years went, possibly mainly through curiosity, on such an occasion and thereafter became a consistent and constructive member of the Men's Bible class.
Middlesboro is evidently a church and Sunday school town, generally speaking, yet there are hundreds of men, women and children who never attend Sunday school. It is with the hope of enlisting the attention of these people that the campaign is being inaugurated and it is our duty to assist in bringing it to a successful culmination.

Texas Lady Says Her Family Has Been Taking Theodor's Black-Draught When Needed, for Many Years.

Alto, Texas.—"We inherited the use of Black-Draught in our family," says Mrs. Mary Shuptrine, who lives near here on R. F. D. 2. "My grandmother was an old woman when she died about ten years ago, and she had been using it literally ever since I can remember. She gave it to her children and grandchildren for biliousness and stomach complaints, so when I went to housekeeping we just naturally used it, too.
"I give it to my children for a purgative whenever they need one, and we are never without it. Made into tea, it surely is fine. It's the best home remedy for headache and constipation I know of."
During over 80 years of its continued popularity, Black-Draught has become the standard liver medicine in many thousands of homes, where it has been found of great benefit in the treatment of constipation, biliousness, indigestion and other common liver, stomach and bowel complaints. Ten million packages of Black-Draught are now sold a year, as more and more people are learning of the value of this well-known remedy.
Insist on Theodor's, the only genuine Black-Draught powdered liver medicine. At all dealers. NC-154

CHURCH REVIVAL MEETINGS GROW
Dr. Scott Preaches at Both Services Tomorrow—Miss Warren Sings

The revival meeting at the Christian church is gathering momentum each night and last night chairs had to be brought in to accommodate the crowd. There were four additions to this service. Miss Warren, who sang a solo at this time, is undoubtedly one of the sweetest singers ever heard here.

The sermon subject tonight by the evangelist, Dr. D. W. Scott, is "The Last Christ." Dr. Scott will teach the Men's Bible class Sunday morning in the absence of the pastor and at the regular church service he will preach on "She Hath Done What She Could." The night sermon will be "The Prodigal—The Prodigal Son, the Prodigal Father, the Prodigal Mother, the Prodigal Daughter. Every one is welcome to these services.

Will Speak to Baptist Women
Miss Olive Lawton, missionary who is soon to leave for Chen-Chow, China, will speak to the women of the First Baptist church at 10 o'clock in the morning, in the church auditorium.

Dr. R. E. Douglas Returns
Dr. R. E. Douglas, pastor of the First Presbyterian church, has returned from Atlanta, Ga., where he went to attend a meeting of the church home missions board of which he is a member. He also visited at the home of his daughter, Mrs. Charles Powell, in Macon, Ga.

GO TO SUNDAY SCHOOL TOMORROW

Local Churches Making Particular Drive for Attendance on Day

Middlesboro Sunday school superintendents are making in their efforts to swell their attendance to unusual proportions tomorrow, which is designated by the Kentucky Sunday School Association as Go-To-Sunday-School day.

Some of the Sunday schools will have special programs for the occasion and all will eagerly welcome their regular membership and the attendance of those who do not attend Sunday schools.

T. Russ Hill, speaking for the Baptist Sunday school, states that he is expecting to have Gov. J. W. Fields here on one Sunday of this month and claimed that the Baptists were saving their "pep" for that time. However, the Baptists are expecting a much larger attendance than usual tomorrow.

The Kentucky Sunday School Association is a co-operative effort of Sunday School workers of the Evangelical denominations to extend and improve Sunday School work in Kentucky. It is the only organization in the state which aims to help all departments of every Sunday School and help organize denominational Sunday Schools in every community that has no Sunday School.

The organization stands for those interests common to all Sunday School workers. It is a systematic effort of workers from the various denominations to create public sentiment in favor of more and better denominational Sunday Schools. It strives to help by way of suggestion, not by authority; therefore it helps many, it hinders none.

It seeks helpful co-operation, not union. Its conventions and institutes discuss methods of work, not church doctrine. All meetings held under the auspices of the association are free and open to all who will attend.

In its work the Kentucky Sunday School Association is interdenominational, for in its conventions and institutes leaders from various denominations take part. But in results it is denominational, for if a worker puts into use the methods discussed in these meetings, he increases the efficiency of his own denominational Sunday School.

It directs and stimulates inter-Sunday School work for community betterment.

PENDULUM

By Joseph Auslander
Now the stealthy sundae hawker
Hangs like a long bank shadow over
the sea;
And now the wings of doves whirl
stealthily,
Shaking shadowy water as they cool,
Let earth worms tunnel in their cool
closets, stir
Tremendously in the dew; let the
blunt fee
Nose buckets of damp gold... What
is that to me?
What is beauty without an interpreter?

Excerpt—and no Rosetta Stone to read
The mockery of the sphinx; Dante in
his
Stark blind without the eyes of
Beatrice;
A spring dawn twittering, dripping
bead after bead
Of fire; and I without your love as
dumb
As any clock without its pendulum.

Miss Katherine Gunn

Signally Honored
Miss Katherine Gunn, daughter of
Mr. and Mrs. W. E. Gunn, has been
signally honored at the University
of Kentucky where she is a student
by election to associate membership
in the scientific fraternity, Sigma Xi.
Active membership is granted only
when one has made an original sci-
entific discovery. Associate mem-
bership is given for especially good work
in some line of science. Miss Gunn
has specialized in chemistry. The
honor to her is especially marked
since she is the only girl at the
University of Kentucky who has ever
been elected to the fraternity.

BIG BEN SHIPS CARLOAD OVERALL

Largest Shipment Ever Made of Mid-
dlesboro Manufactured
Goods

Some idea of the magnitude of the
manufacturing industry in Middles-
boro may be obtained from the fact
that a solid carload of overalls was
shipped from the Big Ben factory
yesterday to a jobber in Indianapolis.
Ind. This is the first time in the
history of Middlesboro, railway office
executives say, that a solid car load
of a Middlesboro manufactured prod-
uct has ever been shipped from here
at one time.

The car contained 1,000 dozen or
12,000 pairs of Big Ben overalls, R.
W. Baker, manager of the establish-
ment says, and is the largest lot ship-
ment his factory has ever made.

This instance alone furnishes a
splendid example of the value of
manufacturing enterprises to Mid-
dlesboro. No business other than one
which manufactures a widely used
product can bring large sums of
money into town and distribute it
here in the form of payrolls.

Birmingham Barber Shop Changes Hands

H. T. Parham and R. D. Sowders,
barbers at the Birmingham barber
shop, have leased the shop from Dr.
Jacob Shultz and will be in charge of
it Monday. W. B. Birmingham has not
made announcements as to his plans
when he retires from the business. Mr.
Birmingham has been in charge of the
business since 1908, the longest con-
tinuous management of any barber
shop in southeastern Kentucky, he
claims. He sold the building to Dr.
Shultz last Wednesday. He is planning
to remain in Middlesboro.

Feed Flowers Aspirin

them an aspirin tablet. Norman D.
Keefer, pharmacist at the state san-
atorium at Mt. Alto, Pa., says that
by this method he preserved flowers
for several days beyond the time
when they ordinarily would fade and
has revived them when wilted.

Not Quite Himself

ness of the night as someone stum-
bled on the stairs, "is that you?"

HAPPENINGS IN THE WORLD OF SPORT

Old Major League Favorites Lead Batters In First Test

By Associated Press.

CHICAGO, May 3.—Old familiar
names—Heilmann, Cobb, Hornsby,
and Sisler—top the list of leading
batters in the major leagues today,
as the clubs swing into the first test
of the 1924 campaign.

Harry Heilmann, slugging ace of
the Detroit Tigers, and 1923 batting
champion of the American league, is
blazing the trail for the American
leaguers with an average of .468. The
illustrious Ty Cobb is trailing second
with .434. Heilmann, on figures com-
piled on the basis of Wednesday's
games, connected with 22 hits in 13
games, including a brace of homers.
Cobb, in addition to getting 23 hits,
leads the league in scoring with four-
teen.

The comeback of George Harold
Sisler, premier star of the 1923 sea-
son, is one of the outstanding achieve-
ments. Sisler, making his debut as
manager of the Browns after a year's
absence, is in the first flight with
an average of .356, a record of scor-
ing ten runs, and making 21 hits, in-
cluding four doubles and a pair of
triples.

Babe Ruth, although down in the
list with an average of only .262 is
off to a sensational start in his drive
for home run honors. He smashed
out five, which is the high mark of
both leagues. This mark, with the
season only three weeks old, is ahead
of his performance during the first
three weeks of the 1921 campaign
when he hung up his record of fifty-
nine.

Captain Eddie Collins of the White
Sox is showing the way to the base
stealers with four thefts.

Other leading batters, participating
in ten or more games: Muesel, New
York, .388; J. Harris, Boston, .378;
Simmons, Philadelphia, .375; Steph-
enson, Cleveland, .373; Sheely, Chi-
cago, .370; Picinich, Boston, .364;
Sisler, St. Louis, .356; Gerberg, St.
Louis, .356.

Hornsby Leads Nationals

In the National league, Rogers
Hornsby, 1923 batting champion, is
setting the pace with an average of
.428, while the veteran Zack Wheat
of Brooklyn, checked in with .390 for
second. Hornsby also is sharing scor-
ing honors with Gimes and Grantham
of the Cubs, each of whom has regis-
tered thirteen times, and has taken
the lead for home run honors with
four.

The veteran Max Carey of the Pi-
rates is as active as ever on the base
lines and is leading the base stealers
with five.

Other leading batters:
Grantham, Chicago, .367; Pinelli,
Cincinnati, .361; Grimes, Chicago,
.345; Cavency, Cincinnati, .341;
Grimm, Pittsburgh, .340; Smith, St.
Louis, .333; Fournier, Brooklyn, .333;
Harper, Cincinnati, .333.

Bunny Brief of Kansas City is
safely perched at the head of the
American Association list with an
average of .466. Reb Russell of Col-
umbus has scored four homers, and
43 runs, for an average of .404, giv-
ing him third place. Davis, also of
Columbus is second with .417.

Neun of St. Paul is leading with
seven. Other leading batters:

Murphy, Columbus, .400; Whelan,
Indianapolis, .395; Maguire, Toledo,
.390; Grimes, Columbus, .386; Mat-
thews, Milwaukee, .386; Drensen, St.
Paul, .360; Branom, Kansas City,
.358.

Tulsa Whole Western

The Tulsa club is the whole show
of the Western league. Robinson is
stopping the batters with the remark-
able mark of .611 and is followed by
Lamb, a teammate, with .481, while
manager Jack Lelivelt is third with
.480.

Davis, another Tulsa slugger and
Washburn, second baseman, hold the
home run honors, with six each.

Other leading batters:

Miller, St. Joseph, .457; Davis,
Tulsa, .428; Caffey, Denver, .425;
O'Brien, Denver, .396; McLarry, Des
Moines, .391; Butler, Wichita, .386;
Sweeney, Oklahoma City, .386.

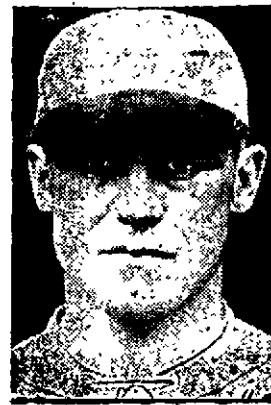

Smith of Atlanta, with an average
of .450, is showing the way to the
hitters of the Southern Association.
Catcher Haworth also of Atlanta,
is trailing with .423, while Gansel
of Birmingham is next with .421.

H. Camp, Birmingham's speedy out-
fielder is leading the scorers with
seventeen, while Anderson, of Chat-
anooga, is leading in home runs with
four.

Other leading batters:
Niehaus, Chattanooga, .417; Lapan,
Little Rock, .396; Brock, Atlanta,
.385; Barber, Little Rock, .373; De-
Vormer, Mobile, .368; Carlisle, Mem-
phis, .364; Fisher, Little Rock, .360.

21 SCHOOLS IN LEXINGTON MEET

Local Boys Up Against Wide Array of
Athletes—Handsome Prizes
Offered

Middlesboro High school boys met
athletes from all over Kentucky rep-
resenting twenty-one high schools at
Lexington yesterday. Outcome of
the meet is not known yet.

The high school teams that are
entered in the meet are: Ashland,
Athens, Augusta, Berea, Corbin,
Cynthiana, Dry Ridge, Frankfort,
Georgetown, Highlands, K. M. J., La-
Grange, Lexington, Louisville, Man-
assas, Louisville Manual, Marion, Massie,
Mayslick, Middlesboro, Morganfield,
Mt. Sterling, Newport, Stanford and
Sturgis.

The winners of the events in this
year's meet will be awarded hand-
some prizes by the university. Gold,
silver and bronze medals will be
given the winners of first, second
and third places in each event,
while the athlete who scores the
most individual points in the meet
will be given a handsome silver lov-
ing cup. A large silver cup for the
winning team has been donated by
the Lexington board of commerce.
This cup will remain in the posses-
sion of the winning team for one
year. It must be won three times
by a team to come into its perma-
nent possession.

STATE FOLLOWING TOURNAMENT PLANS

Louisville Paper Tells of Prepara-
tions Made in
Middlesboro

That Louisville is keeping up with
Middlesboro's preparations for the
state golf tournament almost as much
as Middlesboro herself, is evidenced
by the following from the Courier-
Journal:

"We believe every golfer down in his
heart likes to know about efforts be-
ing made to interest him for his com-
fort and for his pleasure. Having se-
cured the state tournament for this
year the Middlesboro club already
boasts excellent greens and fairways
but to keep well out in front they
have a dozen men now busy on their
course, trimming up the rough spots,
cutting out and doing away with un-
sightly brush, striving as hard as ever
they can to make their golf course
both pleasing to the eye and to the
variety of temperaments which they
anticipate entertaining at their golf
home in June.

"They are making special efforts
toward improving their caddy system
the ranks of which have been aug-
mented from approximately 30 to 60,
composed of both white and colored
boys, whom they are training in the
art and which group is showing sur-
prising efficiency. Many improve-
ments are being made in their club-
house and we have just learned of
their plans to give a banquet during
the meeting to the visiting players.

"A number of players from Lexing-
ton and Winchester and several other
towns have already visited the links
for a tryout and have openly expres-
ed their surprise upon finding such an
excellent layout afforded by that or-
ganization."

L. M. U. Baseball Team Take Trip

HARROGATE, May 3.—After win-
ning three games on the home field
and tying one on a trip into Ken-
tucky last Saturday, the L. M. U.
baseball nine left last night for a
week's trip throughout East Ten-
nessee where they will play some of
the leading colleges of this section.

The scheduled games are as fol-
lows: Emory and Henry, Saturday;
King College, Monday; Milligan Col-
lege on Tuesday and Wednesday;
and Carson-Newman College on Fri-

day and Saturday.
Coach Garrett says he believes the
team will make a good showing on
the trip. So far, it has not lost a
game, and it is the hope of the play-
ers that they can maintain this rec-
ord throughout the season.

Twenty More Join Foreign War Vets

About twenty veterans who had not
previously attended the meetings were
present at the meeting of the Veterans
of Foreign Wars at the city hall last
night and most of them signed applica-
tion for membership. A number of the
men, veterans of the war with Spain,
were from Four Mile. Dewey Guy,
Post No. 1169 now has a membership
of about forty. Indications are that it
will reach 100 within the next few
weeks. The next meeting will be held

Local Recruiter Wins Prize for Enlistments

Sgt. J. D. Miller again led the Cin-
cinnati district for recruiting during
the month of April, winning the \$25
cash prize. He was credited with
securing thirteen applicants. His
nearest competitor secured only ten
while the Cincinnati office which has
fifteen men on duty constantly se-
cured only forty-four.

Henry H. Baker and Henry Cobb
of Johnson City, Tenn., and Varilla,
respectively, enlisted yesterday for
the Tenth Infantry at Fort Thomas.
Baker was with the 117th Infantry
overseas.
